

FLY FISHING IN SAN DIEGO?

photographs by Alexandra Kozyreva

In group picture: left to right - Mark Berlin, Marc Nunez Jr, Marc Nunez Sr, Chris Moselle

La Jolla Sports Club member Mark Berlin has been fly fishing for over 25 years across the Sierras, Colorado, New Mexico, Arizona and especially here in Southern California. Over the years he has discovered many creeks and small streams close to LA & San Diego featuring pristine views, waterfalls, wildlife and, of course, beautiful fish specimens like brown & rainbow trout. In 2013, Mark decided to start his own private guide service - Southern California Fly Fishing Expeditions.

In his modified Land Rover, Mark guides his clients to many spots which the average angler may never see in a lifetime.

LJSC membership representative Chris Moselle recently joined Mark for a day in the lower Santa Ana River, along with Chris's cousin Marc and 12 year-old nephew Marc Jr... Navigating high running waters, Marc Jr. quickly established himself as the day's top angler. Under Mark's patient guidance, young

Marc Jr. reeled in over a dozen trout, including some sparkling rainbows and elusive browns.

As a passionate outdoorsman and conservationist, Mark has graciously donated a private trip for two people, to be awarded at a future day. To read more about Mark's experience and services, including video testimonials, please visit <http://southerncaliforniaflyfishingexpeditions.com/> ...

Thanks Mark!
